

Print and cut out the “camera” below - and tape on a popsicle stick handle, if you have one. Take a photo of the camera with you and your rescue pet (or just your pet, if you’re camera shy). 😊

Then please post the photo on Instagram or Twitter on (or a couple days before) Valentine’s Day: Saturday, February 14th.

Please tag Photographers for Animals and use the hashtag **#RescuedValentine** – and say something about why you love your rescue pet. Thank you for helping us promote adoption!
